

Joel Neto

Software Developer

I strive to be up to date with new technologies and services to build accurate solutions, following the best practices and approaches. I design and deliver software solutions from the diagram to the deploy: architecture, technical decisions and delivery, with AI agents as part of how I work.

WORK EXPERIENCE

Senior Developer

Luxclusif

06/2026 - Present — *Portugal*

- Implementation of an Integration module that syncs product inventory and orders between Luxclusif and channel partners like Shopify, Farfetch, Shein, etc.
- Backend-only application following Clean Code and SOLID principles. Hangfire to handle background jobs, MediatR for event propagation, MassTransit for Service Bus messaging and Aspire as developer startup project.

Power Apps Solution Architect

Alistar

12/2018 - 05/2026 — *Portugal*

- Part of consultant team that sets up Microsoft Dynamics 365. Worked on creation, maintenance and synchronization of Dataverse, Power Pages, Power Automate and other platforms for customers across several areas of expertise (Hospitals, Schools, Events, Marketing, Sales, Insurance).
- C# as main language, .NET 8. React for PCF components. Azure DevOps (build and release pipelines). Azure cloud services: Function and Logic Apps, Data Factory, Storage Accounts, Service Bus, Key Vaults, Managed Identities.

Software Engineer

M2S Software

01/2018 - 11/2018 — *Brazil*

- Improved performance of a US payroll system (Worklogic). Used C#, ASP.NET MVC, Blazor and NHibernate to access SQL Server. Selenium for UI testing. Git for version control.
- Implemented new features for a dental plan system using Angular and NodeJS with PostgreSQL. Deployed on Linux with Wildfly and Nginx.

Software Developer

Pitang Agile IT

01/2013 - 12/2017 — *Brazil*

- Built solutions for an electrical studies company using C#, ASP.NET MVC and Entity Framework with IBM Informix database. WPF, WCF and VSTO technologies. TFS for version control.
- Gained extensive experience with SCRUM, DDD, MVVM, DI and IoC patterns.

LANGUAGES

Portuguese
Native or Bilingual Proficiency

English
Full Professional Proficiency

EDUCATION

Graduate Studies on Software Engeneering

Universidade de Pernambuco

12/2017 — *Brazil*

Bachelor on Information Systems

Faculdade Joaquim Nabuco

06/2014 — *Brazil*
